OKIFAX 4510 FOR THE INDIVIDUAL

SO RELIABLE, SO AFFORDABLE, SO EASY TO USE: YOU'LL HARDLY NOTICE IT'S THERE.

The OKIFAX 4510 is the new compact and professional fax, ideal for the individual – whether at home or at work. As business technologies come and go, one thing remains essential to every efficient business: a simple, reliable fax machine. And that is precisely what you get with the OKIFAX 4510.

The OKIFAX 4510 is fast, scanning documents at 5 pages per minute (ppm), transmitting at 10 seconds per page and printing at 8ppm. But high speed doesn't mean low print quality: the OKIFAX 4510 boasts a 64 level grey scale and 600 x 600 dpi printing resolution.

Its small, sleek and stylish design means that the OKIFAX 4510 can make itself at home in any office, while its outstanding value for money – and low cost per copy – help it fit comfortably into any businesses budget.

RELIABLE**

This hardworking laser fax machine comes with all the features you need from an office fax – and none of the complications. In fact, we've made it so reliable and easy to use that you'll hardly notice it getting on with its work, allowing you to get on with yours.

A fax machine you don't have to think about? That's worth thinking about.

WHY OKI?

We believe that effective printed communications are fundamental to successful businesses. That's why we focus purely on understanding their diverse printing requirements. Through our considerable technological resources we develop fast, high quality, cost-effective printing solutions that will benefit businesses today and long into the future.

It is the same progressive spirit that drove Kibaturo Oki to found Oki Electric in 1881, and which helped his company to become the global, multi-billion Euro business that it is today. A business whose people share one single-minded purpose: helping other businesses grow and prosper by enabling them to create the best possible impression with their printed communications.

THINK OKI. THINK CLARITY.

Whether your business is a start-up or a multinational, we have the products to suit your needs from mono and colour printers to multi-function fax machines. Because we have such a diverse product range, we have colour-coded our product segments to help you save time. When it's time to add another printer to your range or to check out the latest advances in technology on our website, simply use the following colour guide.
